## VOCAL VALET MENU & RATES

Every "read" is different because some materials are infused with technical jargon, medical terms, career language and lengthy pages. Fees are mainly determined by a discussion with the Client, as every project is completely diverse and unique. Most of the services include Audio Notation if requested, which means we will audibly tell you where you are in your materials regarding page, scene number and paragraph.

### **WRITTEN NOTATION:**

There is an extra \$25 for written notation per project, as a Narrator would need to listen back through the entirety of the material and note on material where the Audio and Pages sync or "stop and roll" to notate.

### **MENU & RATES:**

***(Please let us know if you require more than one Voice/Narrator for your project or if you want a Male or Female Narrator)***

#### **"ONE OFF'S": \$10 FLAT FEE**

All pages read after 10 pages is \$1/page.

1 page equals no less than 12 font size or less than single spaced lines.

*In other words, please don't cram 3 pages onto 1 page.*

#### **"Rush Job" – Starting at \$50 flat fee @ \$2 page**

You absolutely need the text or material read ASAP.

This means "Narrator" drops everything for your needs.

(Depends on subject matter and length)

*For example - We can't read, record, notate and edit audio entire 150-page scripts in only 2 hours. This service would normally not include written notation, as it's a RUSH JOB.*

#### **"Read My Script" = \$250/per script**

Most TV or Film scripts are 50 plus pages. This service includes audio notation.

#### **"Treat Me Right" = \$100/per TBD per client**

Treatments, concepts or pitches 20 pages or under. This service includes audio notation if requested.

#### **"Package Deal" = \$350**

Bundle in any projects under a total of 100 pages, and you'll get them back each with its own recording, audio notations and full audio edit.

#### **"Must Reads" = \$400/daily service monthly TBD per client**

***PLEASE NOTE*** - *The reading and recording of any and all materials are protected with a comprehensive and solid Nondisclosure Agreement between Vocal Valet and Client.
